

The-Ology Islands #10

The Son of God

Captain's Log: We are still on our second island. The Island is packed with Ism Pirates. They are grouped into similar belief groups. Their main chant is: "Jesus is not God, He is just a son of God."

Today we will discover what the Bible says about Jesus Christ. His essence is shown through five titles that He has. This information will aid us in our victory over the Pirates of Arian-ism (Jehovah Witness, plus many more who deny the Deity of Jesus Christ.) In this lesson we will look at the fourth of the five aspects of Christ that help us to understand Him better. He is The Son of God.

I John 5:20

- The Son of God _____ all things. He pre-existed his birth as the Son of Man.
- No one comes to the Father but _____ the Son. This exclusiveness shows that The Son is both separate from the Father but still God!

Battle with the Ism Pirates: We are now ready to attack the lighthouse of the Arian-ism Pirates on this island. We have discussed on the first island that time and space are created entities. Look at the progression of the five “of God’s” examined in our treasure hunt and notice how the second member in the Trinity has been revealed to us in a time and space context. Even though God is unaffected by time and space, the second member of the Trinity actually interacts with it. This information will aid us in our victory over the Pirates of Arian-ism (Jehovah Witness), plus many more who deny the Deity of Jesus Christ.

Set Course: Next week we examine the fifth and final “of God” titles of Jesus Christ, He is the Lamb of God.
